

TECHNOLOGY TRENDS: TACKLING MINING'S FUTURE CHALLENGES, TODAY

**DESWIK
USER
CONFERENCE
2018**

6th – 8th November
Gold Coast // Australia

The Deswik User Conference 2018 is an opportunity to connect with like-minded professionals and learn about the latest Deswik software advances and the efficiency gains you can achieve.

To prepare for the future of mining, the conference will also explore the latest digital and mining technology trends. Discover how Deswik shapes its software roadmap to meet evolving industry requirements and support mine digitization across the mine planning value chain.

The Deswik User Conference will provide a platform to connect and exchange ideas with other users as well as gain insight into practical applications through case studies.

Users will also get the opportunity to ask questions and get help with their specific challenges through tailored mentoring sessions and a dedicated user help desk.
