

## PRELIMINARY PROGRAM

Subject to changes.

### TUESDAY 1<sup>st</sup> NOVEMBER

	OPEN PIT METALS	UNDERGROUND METALS	OPEN CUT COAL	UNDERGROUND COAL
08:30 - 09:00	Registration and coffee / Meet the Deswik team			
09:00 - 09:30	Welcome address and Deswik update			
09:30 - 10:30	Client case study			
10:30 - 10:45	Break			
10:45 - 11:30	Effective data management			
11:30 - 12:00	Client case study			
12:00 - 13:00	Lunch			
13:00 - 13:45	Integrating short-term and medium-term planning horizons	Track production data and locations underground with Deswik.Apps	Integrated closure planning	Underground coal session
13:45 - 14:15	Melbourne Cup			
14:15 - 15:00	Client case study	Client case study	Dragline spoil pile design, automated plotting and pit protection	Underground coal session
15:00 - 15:30	Ore control and optimization of dig blocks	Efficient point cloud handling and cleaning	Integrating short-term and medium-term planning horizons	
15:30 - 15:45	Break			
15:45 - 16:30	Using reconciliation to make better mining decisions			
16:30 - 17:15	Developing a Mass Haul plan for Australia's largest infrastructure project in Deswik			
17:15 - 19:15	Welcome Reception			

### WEDNESDAY 2<sup>nd</sup> NOVEMBER

	SURFACE MINING	UNDERGROUND MINING	MASTERCLASSES
08:30 - 09:00	Coffee		
09:00 - 10:00	Client case study		
10:00 - 10:30	Maximize efficiency and simplify mine planning processes with Deswik Process Maps		
10:30 - 10:45	Break		
10:45 - 11:30	Scheduling electric vehicles in Deswik.LHS		
11:30 - 12:00	Deswik presentation		
12:00 - 13:00	Lunch		
13:00 - 13:30	Small greenfield initiation projects	Costing for underground operations	Deswik.Sched resource leveling rules
13:30 - 14:00	Client case study	Best practices for underground drill & blast	Water planning
14:00 - 14:45	Maximize value and optimize decisions with Deswik.GO	Auto development designer	Dependencies
14:45 - 15:00	Break		
15:00 - 15:45	Surface mapping & data management	Stope optimizer tips & tricks	Scheduling tips & tricks
15:45 - 16:30	Efficient and integrated drill & blast planning for surface mining	Creating optimized, value adding drill programs that integrate with mine planning	Step by step ore control
16:30 - 17:15	Survey solution for surface mining	Client case study	Formula builder
17:15 - 18:00	Break		
18:00 - 21:00	Conference Dinner		

## PRELIMINARY PROGRAM

Subject to changes.

THURSDAY 3<sup>rd</sup> NOVEMBER

	SURFACE MINING	UNDERGROUND MINING	MASTERCLASSES
08:30 - 09:00	Coffee		
09:00 - 10:00	Getting the most out of Deswik services		
10:00 - 10:45	Client case study		
10:45 - 11:00	Break		
11:00 - 11:30	Co-disposal and tailings management		
11:30 - 12:00	Best practices for the road audit tool		
12:00 - 13:00	Lunch		
13:00 - 13:30	Client case study	Underground landform & haulage scheduling	Masterclass
13:30 - 14:15	Integrated closure planning	Mapping digitization	Scheduling tips & tricks
14:15 - 14:45	Client case study	Client case study	Dependencies
14:45 - 15:00	Break		
15:00 - 15:45	Deswik roadmap		
15:45 - 16:00	Closing address		
16:00 - 17:00	Drinks & discussions		

### 1<sup>st</sup> - 3<sup>rd</sup> November

Mentoring sessions available throughout the conference. Must be booked in advance.

### VENUE **W Brisbane**

81 North Quay, Brisbane  
QLD, Australia

**COST** **Early Bird 3-Day Pass:** \$990 per person  
**Early Bird Group rate\*:** \$890 per person  
**Standard 3-Day Pass:** \$1,200 per person  
**Standard Group rate\*:** \$1,100 per person

Prices are inclusive of GST. The delegate pass includes full access to the conference, catering, welcome drinks and conference dinner.

\*Group rates only apply to groups of 5 or more delegates.

### By attending a Deswik User Conference you will:

- Fine-tune your Deswik skills
- Learn about best practices for integrated and optimized mine planning
- Get the latest tips and tricks from our experienced consultants
- Discover the latest technical enhancements to Deswik software
- Connect and exchange ideas with industry peers
- Gain insight into learnings from successful technology implementations
- Develop advanced skills and solve problems through one-on-one mentoring sessions

### ACCOMMODATION

A preferential room rate has been secured with the W Brisbane for conference delegates. Bookings can be made [here](#) or on the events page.
